## COACHES COMMENTS

We were able to come back after a disappointing performance earlier in the week at TMP with much better results today. We were able to take advantage of ideal scoring conditions to play our best golf of the season to this point, as all 6 NCHS golfers were able to shoot lower than their season averages today. JD Gall continues to play solid all-around golf, earning individual honors for the 4<sup>th</sup> time this season, and Marcus Herman and Logan Kelly both shot season-low rounds today as well. We look to keep things going in the right direction as we enter the home stretch of the season: Phillipsburg, MCL, and Regionals all in the next week.
